Section 3.20 MUI-1 Mixed Use Innovation

PREAMBLE

The Mixed-Use Innovation-1 (MUI-1) District is established to promote the reuse of older, character giving structures that may no longer be suitable for their original purposes. The MUI-1 district is intended to provide for an eclectic mix of uses reflective of long-established development patterns at a pedestrian scale, including the adaptive reuse of existing, smaller industrial spaces into new commercial, residential, artisan industrial, and mixed-use projects. The MUI-1 district supports a variety of residential, commercial, and light industrial uses that are compatible with surrounding neighborhoods, and accounts for the appropriate mitigation of other potential adverse impacts on adjacent residential uses.
